### **Making poor people a lot poorer in Sri Lanka**

Fighting poverty is not giving a beggar a fish to eat.

### **The Climb Out of Rural Poverty in Sri Lanka**

In 1950-60, the highest rate was recorded among older people—above 55 years, but in the next decade the group aged 30 to 55 years recorded the highest rate. Excluding the Northern and Eastern provinces, headcount poverty fell from 22.

### **Sri Lankan workers must rally the rural poor against Rajapakse's "herd immunity" policies**

Data on access to education and health, ownership of assets, access to services such as water, electricity, improved sanitation, etc. The main causes of poverty in Sri Lanka are living far from a commercial center, employment in agriculture, being born into an impoverished family and an inadequate education system. No job losses and fully paid leave to all other workers.

### **The Climb Out of Rural Poverty in Sri Lanka**

A: More research is needed to understand why there can be such dramatic variations even between districts that adjoin each other. Poverty in Sri Lanka is 4%.
