## Public debt and growth: Heterogeneity and non

The era we are more interested to analyze at this time is the last decade from 2007-2017. As demonstrated here, debt write-offs can help but will not, on their own, preclude further debt accrual or solve wider problems.

## Theoretical and Policy

In addition to providing a firm academic basis to economic policy-making, its research also provides a window through which the outside world can view the nature and direction of economic research in Pakistan. In addition, argue that the improvements in institutional quality just have strong

effects on promoting economic development only when institutional quality is within a certain range.
