Hearing Aid Comparison Tool

Many people are surprised at how expensive hearing aids can be, but the quality of life improvements and overall value often make hearing aids worth the expense. Access to Professional Care and Assistance While in the past you would have to work with an audiologist to obtain a hearing aid, modern companies offer a direct-to-consumer DTC model. New faculty from the University of Maryland Medical Center in Baltimore study cell type-specific signaling cascades in congenital and acquired hearing loss using a zebrafish model.

A comparative study of hearing loss in two microdeletion syndromes: velocardiofacial (22q11.2 deletion) and Williams (7q11.23 deletion) syndromes
