## Maqālāt

Similarly, Āzād's total blacking out of all the important circumstances of the life of Shaiḫ Muḥammad Ismā'īl, Zauq's only son, cannot have been by oversight. Later in the book, he reiterated his poor opinion of the Dakani poets, but mentioned some notables.

Interestingly, the publisher on the flysheet makes this comment: The aim of Book Time is to publish high quality research. She has nearly 500 soldiers and other servants in her employ.

## Maqālāt

Although I don't know English, I know this much: that its later poets too lament over this pain. Second, he seems to think that the only way existence can be both a principle of commonality and difference is if one rethinks the Aristotelian categories and does not differentiate between quantity and quality.

## Maqālāt

Yet it was the Arabs who wrote some of the most voluminous histories of the premodern age, and the Iranians didn't lag too far behind. Still, he promised, he would write about some of them in due course. See Jamīl Jālibī, Tārīkh-e adab-e urdū, vol.
