## Psychotherapie pädophiler Patienten im Maßregelvollzug. Wirkfaktoren, Therapieakzeptanz und Therapiemotivation aus Patientensicht

Jöckel D 2004 Behandelbar, aber nicht entlassbar? Paul Wolf werfe Kinder vom. The percentage of addiction treatment court orders involving non-German offenders was twice as high as expected considering the proportion of non-German residents in the entire German population. In general, especially male non-Germans were sentenced to treatment in a forensic drug treatment unit according to § 64 StGB more often than their proportion in the population.

## Entwicklungen im psychiatrischen Maßregelvollzug Hessens

While the mean length of stay as determined by cross section analysis went up the mean treatment period of discharged patients and recidivism decreased. The index group included all non-German offenders who were sentenced to detention in a forensic drug treatment unit. Deutschland ist die logische Fortsetzung von Nordkorea Kambodscha aber in Europa! Der psychiatrische Maßregelvollzug als Modell für einen differenzierten Behandlungs-, Regel- und Verwahrvollzug.
