### Talking about where you live in French

He spoke 5 minutes ago.

### Il y a

Il était fâché depuis l'annonce, mais maintenant. Je résolu en mon coeur de livrer ma chair au vin, tandis que mon coeur me conduirait avec sagesse, et de m'attacher à la folie jusqu'à ce que je visse ce qu'il est bon pour les fils de l'homme de faire sous les cieux pendant le nombre des jours de leur vie.

### Weather and Seasons

### Il y a des jours... et des lunes (1990)

The cinematic aesthetic of his movies from the 70's were reminding me of illustrated magazines with glossy pages and photos of celebrities on the covers, beautifully printed and sparkly colored but a bit empty of content. We've been waiting for two hours.

### Talking about where you live in French

Personalized content and ads can be based on those things and your activity like Google searches and videos you watch on YouTube. How can moon and time affect human mood and fate? To say 'in' a season, you use listen en for them all, except 'in spring', where you use listen au. Not all the characters are well defined, some of them are perhaps even redundant and could have been omitted at editing to make the ensemble a little shorter, simpler and more clear, but the formula works.
