## Do Me, Baby (letra y canción)

That's part of why I'm glad Jesse's decided to release fuller descriptions and some demos of Time songs that began with him--true, he tends to admit that while his work was the germ, Prince did a whole lot to move from that germ to the completed song. This couple had its trials and challenges, will they succeed in making a go of their relationship, readers will need to pick up a copy of Do Me Baby. I have heard Frantic Moment, I haven't heard André's original recording.

## Do Me, Baby

The attraction between them is so undeniably irresistible, Rance proposes a no-strings-attached weekend fling.

## Do Me Baby by Angie Daniels

One of my favorite Prince songs coming from another source other than Prince or someone in his camp.

## Do Me Baby (CD)

It appears Prince did not ask and later gave him Dance Electric to make up for it. I have a simple question. Feel free to keep bringing up that Do Me, Baby bears similar elements to Frantic Moment though we're not even certain it was done on purpose, but stop lying by saying it is it.

## Supposedly DO ME, BABY was first recorded in...1979???

Until she went on a cruise orchestrated by her good friend, Bianca Beaumont.

## Do Me, Baby

He has no proof but there is a song that sounds striking similar and he has said he was a huge Funkadelic fan. I do not know what you think but many people on this board take André at his word simply because it is a way to slam Prince. Do me baby, give it to me Do me baby, this feeling is too strong, make me wait 2 long, I want u now You're leaving me no choice Ok, what are u gonna do.

## **Spinner**

I suspect it's music alone that Prince borrowed--but whatever the borrowing is and there's not a whole lot to the song, really, it's enough that people beyond Andre have been quoted as recognizing it. If that makes them frauds, then all artists, beginning with myself, are frauds. If it's Cymone's track it would at least make more sense to me.
