Perhaps as a student he is also interested in the craftsmanship of the bricklayer, surface textures of masonry or brick bonding, and finally in his enthusiasm looks upward to the crowning belt course of granite, beautifully cut with a simple drip mold to throw off the ocean spray, or his eye descends to the huge cut gran- ite blocks dovetailed and bonded together, forming the outward bulwark and fending the fortress from the ocean

swell.

As the factory was receiving far too few royal commissions, the directors brought over the ever- popular Francois Boucher from the competing manufactory at Beauvais to execute paintings to serve as tapestry cartoons.

10 Architecture Portfolios for Design Inspiration

Evil, however, as the effect of landscape work has been in our English land, it was not altogether without some compensating advantages.
