Writing My Autobiography: A Step

He worked a panel of this for me one morning when he came out of his shrine an hour before the usual time, and, with splendid parentheses and side-lights explained to me that the book on which he was engaged it must have been The Wings of a Dove was finished. What stands out in this book, which he turned over to his publisher ten days before his death, is his strong attachment to family and friends and devotion to his work.

I Me Mine: Revisiting George Harrison's Autobiography

So why did Einstein then leave Britain, never to return to Europe? Carlyle, Whistler, Meredith, Verlaine, and Wagner, Anatole France, and Matthew Arnold all opened their inmost hearts into his receptive ear. Photographs exposed to the light quickly fade, but these imaginative pictures of emotional moments though they have never happened, when put away in the dark, certainly develop fresh details and decorations, and it is only natural that they should. This memoir spans the whole life of E.

Beyond the links in those days extended the stretch of tussocked dunes bordered by shining sands, which now is covered with a confluent rash of small perky bungalows and bathing-suits hung up to dry, and is resonant with motor-cycles and loud speakers. Through his greatest period of productivity, his postcards home contained only remarks about the weather.

Oscar Browning had been, for a historian, careless about his dates. Feuer portrays such men of high imaginative powers as Einstein, Bohr, Heisenberg, de Broglie, influenced by and influencing the social worlds in which they lived. For physicists interested in the history of their discipline, historians and philosophers of science, and graduate students in these and related disciplines.
