Darling: New & Selected Poems by Jackie Kay

Overall, it provided a good introduction to Duffy to allow the reader to see how her work has evolved even if it's not a portion of the collection I will be flipping back to regularly. You need to read poems just as you need to do those exercises. Rendering troubled legacies as well as profound decency, Applewhite reveals the universally human in a distinctively local voice, within dramatic and mundane moments of hope and sorrow and faith.

Mark Doty

Overall, these poems seemed pretty ordinary and I am unsure when they were written but it felt like many of them must have been older. Certainly her later poetry, anyway: some of the poems from earliest in her career, I didn't get on very well with. especially those transitioning from study to work with limited work experience.

Updike remembers the pleasure of getting checks marked with a Borzoi or an image of Eustace Tilley, in the days before Bertelsmann and Condé Nast: Back then, my children, in those simpler years before all firms were owned by other firms, the checks would come imprinted with a dog, a bounding Borzoi, or the profile of a snooty figment, Eustace Tilley.

John Updike

The poetry is intriguing and thought-provoking by itself, as well as providing a really comprehensive view of Duffy's growth as a poet and a person, changing from her early political poetry, to later more personal poems. It is rugged and refined, classical in decorum and local in idiom, deep in wisdom and clear as water in freshness.

It appeals because, big eejit that I used to be, I once had a tendency to fall for the likes of Lily. See details for additional description. The problem with it was that I didn't really consider it a poem, it becomes so much like a narrative that it feels more like a story in verse than a poem.

I'm quoting my favourites here, not the most representative ones by any means. In impeccable and surprising language, Applewhite depicts the social conventions, changes, frictions, and continuities of small southern towns.

In the Naked Bed, in Plato's Cave by Delmore...

Cao Zhi made it, and Cao Pi became so flustered that he spared his brother.
