### Joint Capabilities Integration and Development System

Implementation would be conducted in phases. Improvement support will be more streamlined, better targeted and focused on assisting partnerships to implement our proposals.

### Labour Relations Board

This will include Health Boards and Local Authorities providing staff and resources to provide such support.

### Integrated inspections of services for children in need of help and protection, children looked after and care leavers and joint inspection of the Local Safeguarding Children Board, OFSTED/CQC/HMIC/HMI Probation/ HMI Prisons (2014)

We nonetheless felt it important to emphasise here the importance of our shared ambitions to develop and support the workforce for integration. The Scottish Government Medium Term Financial Framework includes an assumption of efficiencies from reduced variation in hospital care coupled with 50% reinvestment in the community to sustain improvement. The final analysis is the Post-Independent Analysis which reviews the previous three functional analyses and selects an approach or approaches that best close the capability gaps.

### Health and Social Care integration: progress review

The sponsor also evaluates the affordability of various proposals and approaches determined in the study. We know there are challenges we must address and want to make use of good practice to drive forward change and reform to truly deliver integration for the people of Scotland.
