## Panini

And, he also re-arranged the Sūtras. IN a certain country both the royal Prince and the Minister-Prince were joined together by much friendship, it is said.

## Panini

Taking anything you want, go. Therefore, the exact number of Sūtras varies between 3,976 and 3,996.

## Panini

It is an independent entity which pervades the body by virtue of which the body is conscious. An Atideśa rule generally widens the scope of application of the definition or the operation of a rule.

## Vaiyaska, Vaiyāśka: 2 definitions

But, the glory of Takshashila came to an abrupt end when Darius 518 BCE , the Persian monarch who destroyed the dynasty founded by Cyrus, overpowered the North- West region of India; and, annexed it into the Achaemenid Empire.

## The Royal Prince and the Hettirala [Story 241]

The Vedas can be broadly classified into three divisions: karma-kāṇḍa, upāsana-kāṇḍa, and jñāna-kāṇḍa. The higher-level rules within the domain are brought close or within the context of the lower-level rule. And, this process is analogous to Recursion.
