John Sloan Artworks & Famous Paintings

Dover 2000 republication of the work first published in 1939.

About John Sloane

Page Number: 166-169, Figure Number: 166, p. Y creates the most projection along the color spectrum. His influence as one of the first chroniclers of the American scene and his technical abilities as an etcher would have a profound influence upon later American artists.

John Sloan on Drawing and Painting

Sloan è diventato una figura centrale nella scuola Ashcan ed è stato notato per il suo stile pittorico e la tavolozza scura. New York, New York: Memorial Art Gallery in association with Hudson Hills Press, 1988.
