Oregon Territory

The scope of the questions asked in early censuses was fairly narrow compared to some later ones, and often the subject matter and phrasing reflected the customs and usage of a far different time. The of 1804 to 1806 traversed the , which divides today's states of and.

A racist history shows why Oregon is still so white

. Appeals to white authorities for protection went unheeded. July 25, 2020 Fifty years ago Oregon officials decided to blow up a dead whale.

Oregon Population 2021 (Demographics, Maps, Graphs)

Only white males over 21 who had resided in the Territory for six months and were citizens or had declared their intention to become naturalized citizens could vote. Those numbers were to increase by over 300% over the next ten years, and in 1860 the Oregon population was recorded at 52,465.

Population Of Oregon 2019

For more information on state censuses, visit. Under this law, the and Oregon's nine federally-recognized tribes will work together to develop curriculum that expands the English, math, social studies, science, and health lessons taught in Oregon's public schools to include the history and culture of the state's indigenous peoples.
