800

During excavations, archaeologists found a stone-built structure, identified as a latrine, and dated to the late 11th and 12th century. It was the first time any European country had expelled its Jews. The heavy tax was passed, and three days later, on 18 July, the Edict of Expulsion was issued.

800

The real separation between Christians and Jews has always puzzled me because Jesus Christ was a Jew.

## The Jews Of Medieval England

Thanks again for the article.

## Jews and Apostates in Medieval Europe — Boundaries Real and Imagined

They also frequently had French names, such as Bonami, Bonafoy, Deulecresse and Joiette. Originally published in 1897 Paris: L. I can just imagine Justin Welby suggesting that a proportionate response to IRA terrorism, would be carpet bombing the Republic of Ireland.
