Technical writers must be able to understand complex information. It's better to cite the print version, rather than the web pages, so that people of

the future can see exactly what you were looking at.

7.1.6. What are outliers in the data?

It's not as easy to use as the spreadsheets or web pages, but if you're going to be doing a lot of advanced statistics, you're going to have to learn SAS or a similar program sooner or later.
