Yet somehow, you managed to find a reason to compare Donald Trump to Mao and Stalin.

## Escalating Violence Threatens Quest for Political Resolution of Conflict in Yemen, Senior Officials Warn Security Council

The belief that the pie of resources is fixed typically leaves value on the table.

## De

If so, it would make sense for Russian officials to reinforce this deterrent message with public statements. Unless your child asks, keep back at least 3 feet from them. This reflects a calculus with broad support among the Republican national security establishment that confrontation rather than engagement represents the most effective way to deter the threats posed by Iran.

## Escalation and De

It is hard for the mind of one insular nuclear enclave to read the mind of another. At the same time as the Tet Offensive, the siege of Khe Sanh underscored the image of the war as an endless, costly, and pointless struggle. But at times, making multiple minor concessions may be the kind of attention-grabbing move that is needed to demonstrate goodwill and bring groups together.
