## Immortality

The reader need only go to a bookstore or library, secure a copy of the Qur'an, and glance through it, to see the correctness of this fact. We cannot describe it in terms of any other form of consciousness.

## Why I Believe in Personal Immortality

It does not attempt to read into the biblical account any more than what is there. Such an individual would certainly be regarded as bestial and demented. There is a gap here to be filled up.

## Why I Believe in Personal Immortality

Mortality cannot be swallowed up by the resurrection life before the resurrection. But, philosophically speaking, immortality implies the continuation of personal identity.

## Why I Believe in Personal Immortality by Sir Oliver Lodge

According to IV Esdras iv.

## Spinoza's Heresy: Immortality and the Jewish Mind

Therefore, we need not feel threatened by reductionist accounts of the human person nor by the paradoxes of identity and memory that dog philosophical doctrines of immortality. Where to put them and what to do with them is for him a perplexing question requiring a solution. However, consider that, even in the absence of a body, great pleasures may be attained.

## IMMORTALITY OF THE SOUL

A living man's character we know, but a dead body has no character.

## **Why I Believe in Personal Immortality**

It is itself the crowning conclusion of this last branch of. Thus we see that conditional immortality preserves the sharply defined, concise issue of the gospel and of the ages, life or death.

## **CATHOLIC ENCYCLOPEDIA: Immortality**

Parfit asks us to consider this example. The hands go at a definite rate exactly in time with the movements of the physical universe. Note the parallel to the case of appropriating a false memory.
