In April 1770, Endeavour became the first seagoing vessel to reach the east coast of Australia, when Cook went ashore at what is now known as Botany Bay.

Transportation (Land, Sea & Air)

Being totally alone means the sailor must rely completely on his own abilities with no recourse to any assistance from any other person. He was off to a strong start but then became almost deliriously ill a few days out and lost a lot of ground. Some races are carried out in stages, where repairs and resupply may be carried out at the intermediate ports of call; in non-stop races and record attempts, no outside assistance is permitted, whether in the form of a tow, repairs, or supplies.
