The paintings of Europa in Achilles Tatius and of Andromeda in Heliodorus have long been recognised for their narrative significance, and the comparison of novelistic heroines to Aphrodite, Artemis, and others peppers novelistic narratives with a continual stream of mythological references. Konstan suggests that both Virgil and the author of Apollonius wrote with such active readers in mind and deliberately included riddles, gaps, and ambiguities that those readers were invited to solve, supplement, or ponder.

The Oxford Handbook of Ancient Biography. Patterns of Fiction in Ancient Biography. Methodological critiques aside, Tagliabue's book offers an original and compelling interpretation of Xenophon's love story, with insights on some of its most puzzling passages.

The Article in Post

Is myth then a key component of the foundation of novelistic narrative or a chosen reference consciously manipulated by individual novelists? Our preferred model for publications is open access, so that any researcher or interested reader around the world can find and access the information without barriers.
