It has been split into two parts by lightning and the rock is now lying face down so the carving can not be seen.

Aspects of social organization in the New Territories : week

The outrage at the rivalry that allowed an occasional building to burn to the ground unnecessarily was very great—probably much greater than it would have been had the cost of this rivalry been evenly distributed among the property owners and insurers.

proximate cause for the transference of the fire brigade to city control was the Toohey Street fire of 1861, which destroyed property valued at £3 million. Because fire companies were never privately owned in America, the issue would not, however, have come up at all; whatever fire-fighting forces were available served the entire population.
