غاية المقصد في زوائد المسند نور الدين علي بن أبي بكر الهيثمي اهتم الحافظ الهيثمي بجمع زوائد كتب الحديث على الكتب الستة أو غيرها وهو أمر عظيم الفائدة خاصة في هذا الزمان، وهو في هذا الكتاب جمع زوائد مسند الإمام أحمد على الكتب الستة بمعنى أنه لا يذكر إلا الحديث الذي لم يذكر في الكتب الستة أو ذكر ولكن فيه زيادة في متن الحديث، وهو يذكر الحديث ولو ورد في مراسيل أبي داود أو ما رواه البخاري معلقاً أو خارج الصحيح، أو رواه الترمذي في الشمائل ونحو ذلك. He memorised the holy Qur'an, then went to an islamic institute in Egypt for primary education. I would suggest trying to keep the tongue away from the teeth, because producing it this way may cause a slurring in the recitation.

Makhaarij Al

Complications can occur, but only stringent Arabic teachers and alike should take note of these and avoid them when teaching. I revised the tajweed books I have, and none of these have mentioned this manner of producing the laam — and probably because the most correct manner to produce the laam is the way it is mentioned above. The second part of this tongue-buffing-course is soon to come.

Wakaf Al Quran @Mekah & Madinah

Excellent work that makes this study very simple for contemporary students. To be honest, I have not heard of this second opinion. Kindly let me have your opinion.

Mabahith fi Ulum al

Penulis: Hamza Abed al-Karim Hammad I Ahmad Wifaq bin Mokhtar Harga: RM 23. I have found this extremely beneficial and have shared it.
