**Air**

Prerequisite: MBB 222, 75 credit hours. ARCH 252-3 Ancient Egypt and Africa Exploration of the major cultural developments in Africa from the origin of humankind to the rise of several ancient civilizations, with special emphasis on ancient Egypt.

## The National Archives Catalog

Prerequisite: BISC 317, or 75 units. APMA 905-4 Applied Functional Analysis Infinite dimensional vector spaces, convergence, generalized Fourier series. Prerequisite: BUS 360, 362 or CMPT 370 , 60 units.

## Operation Sandstone: Surveying Britain's Cold War beaches

The 2013 WGC introduction is available starting on page 9. Students with credit for MATH 852 or 922 may not take APMA 922 for further credit. Its integrative approach includes financial and managerial accounting topics, alternative accounting models, accounting systems and accounting data management, international accounting and accounting ethics.

## The National Archives Catalog

BUS 601-2 Data and Decision-Making This course explores the application of quantitative methods to managerial decision-making. ARCH 452-5 Introduction to Paleopathology Introduces the study of ancient and historic diseases in humans and animals as expressed in bones, teeth, mummified remains, art, and historical documents.

## Survey by Air Photographs

BISC 435-3 Introduction to Pest Management Survey of the natures, causes and consequences of pest problems and of the natural and applied factors and processes that determine their occurrence and intensity. The external environment for technological innovation is examined through investigation of national and regional systems of innovation. Skills like leadership, coaching, team building, persuading, negotiating and managing conflict will be refined.

**Air Ministry: Central Interpretation Unit, predecessors and related bodies: Reports and Photographs**

BUS 710-3 Emerging Markets This course focuses on managerial challenges facing firms that operate or intend to operate in emerging markets, and ways in which these challenges can be addressed. Students with credit for TECH 128, 129 and 130 may not take this course for further credit.
