In the rear hands She has two weapons called pāśam like a rope and aṅkuśa a sharp edged metal weapon normally used to control elephants. Her compassion for Her devotees comes out of Her eyes like waves of ocean.

## Kartikeya Ashtottara Shatanama Stotram

She is surrounded by aṣṭama siddhi-s. It is very important to study and contemplate on the attributes while reciting the stotram, in order to gain the benefits. The devotee ultimately gains salvation after death and continues to receive the care of Śrī Kamalā Lakṣmī for eternity.

She is glittering with red garlands and ornaments.

## knramesh: Rare Vishnu Sahasranama Stotram

I chanced upon this a few years ago when I was actually scanning the entire Skanda Purana for Varaha Sahasranama and have since been chanting this off and on. Śrī Kamalā Devi is highly regarded and venerated, for Her generosity to grant both material and spiritual wealth and prosperity. She is glittering with red garlands and ornaments.

### **Sri Durga Sahasranama stotram**
