Willis was a major star, but most of his recent films had been critical and box-office disappointments. So I am able to see the good points of what happened. It is only too obvious that in all successful species of animals of which it seems right to predicate desire and aversion, pleasure and pain, nature has sculpted desire in subordination to reproduction so far that these three, far from being equivalent, fall asunder: individual interest, happiness understood hedonistically, and satisfaction of desire.

**My Apologies, in the Name of Experience**

That our eyes were brown, our cheek bones high, our skin the colour of smoked caribou hide? While the outcome of this feasting is not pretty, what it has unearthed cannot be laid to rest again.

**IN THE BLOOD II (PWND BY DNA)**

Their disagreement suggests a larger debate about fate versus free will: whether mankind is subject to higher forces, or whether life's events unfold spontaneously and according to no particular plan. Nevertheless she never retracted her accusation. When as a writer I have to bear so much injustice in my own homeland; physical and mental torment; the theft of freedom and livelihood, rights and property; humiliation and accusation;

even the theft of the right to defend myself in the mass media or even in court, I can only nod in understanding.
