## Peer Reviewed Journal

Boxmaking in Leek seems to have made an uncertain start. Malaysia was enumerated as the realm that retains a high quality of infrastructure facilities among the other ASEAN countries, and the number of infrastructure projects is progressively developed to offers a virtuous cordiality to the citizen.

**Prof. Virginia A. Teodosio, Ph.D.**

It was replaced by one near Wall bridge.

## Office of Research and Graduate Affairs: Emeritus Professors of the University

Sustainability factors were articulated through literature search and based on experience with potential users in sub-urban municipalities of a developing country. The suitability of the decision model for evaluating the appropriateness and sustainability of a technology for use in a developing economy was illustrated by using it to assess the comparative sustainability of three fish smoking kilns.

## Office of Research and Graduate Affairs: Emeritus Professors of the University

In 1859 workmen digging in Birchall meadows west of the Cheddleton road broke into a mound where a cinerary urn was discovered.

## CV\_ENG\_17\_SINGH

A total of 10 papers on the pull-out test with different bond strengths and parameters have been summarized and discussed. The detached portions at Poolend and Blackshaw Moor were added to the civil parishes of Leekfrith and Tittesworth respectively, and the detached portion by the Churnet became part of the urban district. Protein concentration that was analyzed by Lowry method was decreased with increasing of irradiation dose.
