The Oxford Russian English Dictionary PDF Book

WordNet Princeton English dictionary - 70,000 words with explanations: this dictionary will get the meaning of every single English word you may request. .

English

About 30 000 search words. July, 2008 Chinese, Japanese, Korean and Russian voices added to.

Russian

Advanced English and Russian voice feature for words and any text is powered by TTS Text-to-Speech technology - the most sophisticated and accurate available on today's competitive market. While in the general dictionary you will find usual words and expressions from the famous publisher Collins, in the Collaborative Dictionary you will discover slang terms, technical translations, familiar words and expressions, regionalisms that are difficult to find in the traditional online dictionaries. Each entry gives explanation, analysis of differences and similarities, analysis of the context of their use, examples from classical and modern English literature.

Review: [Untitled] on JSTOR

Broadcast your by exporting it to the camera roll and then sharing your creation with family and friends around the world! This pocket Russian dictionary is one of the best that I've used.

Dictionaries : Pocket Context Pro English

I would definitely recommend that every man has an electronic translator when he visits Russia or the former Soviet Union. The Russian-English section is based on the authoritative Oxford Russian-English Dictionary, and the English-Russian section is drawn from smaller Oxford dictionaries and grammars published in the Soviet Union. The dictionary is also more accessible for Russian speakers, with the addition of contextualizations on the Russian-English side to help users select the most appropriate translation.
