## Night Light: A Devotional for Couples

This is a great book for newlyweds, troubled marriages. My wife and I absolutely loved this devotional. This is a devotional, short, with straight to the point answers.

Helping couples to start discussion in important matters. We enjoyed it so much we bought copies for a few other couples we know. It is also a great devotional for couples with out children.

Sundays are a little longer at two pages, but still it only took less than 10 minutes. Whether you're just married or are celebrating your golden anniversary, you need regular, quiet moments with your mate - times to renew love and intimacy between each other and with the Lord. This book gave us some great things to think and talk about.

## Night Light: A Devotional for Couples

Short, thought-provoking, and a real springboard to open communication.

Usually by giving the reader some concrete examples of how to apply the lesson learned or by asking questions to deepen the readers understanding. James Dobson and his wife, Shirley, brings spouses together each evening, helping them stay connected with each other and their Lord. This is the first devotional I have ever found that provides all three.
