### The Secret Tomb of China's 1st Emperor: Will We Ever See Inside?

When Qin Shi Huang was 13 years old, he ascended the throne of Qin, and immediately began building his eternal resting place. The lessons learned from the Dingling excavation has led to a new policy of the government not to excavate any historical site except for rescue purposes.

### An Ancient Mystery: Where Is the Tomb of Genghis Khan?

Over the years, the church was damaged and refurbished several times. Share This Article :- If you Like This Article, Then kindly linkback to this article by copying one of the codes below. Djer was the second or third pharaoh of the first dynasty of Egypt, which dates from approximately 3100 BC.

### Egypt: Early Dynastic Kings, Part I

The outer walls of the were decorated with recessed paneling Some dummy buildings and a large brick boat pit outside the enclosure wall to the north were also included in the tomb complex. At the other end of the label, two figures are shown, one whose arms appear to be drawn back or pinioned, and another apparently plunging a knife into the first. Between the enclosure wall and the the ground was paved in mud painted green.

## **King Djer a king of the First Dynasty**

At the commencement of that dynasty, pyramids were already being constructed in Dahshur and a sweeping expanse of untouched desert separating it and Saqqara. About the same time another riddle was presented to Egyptologists by the results of the excavations made in Abydos by the French scholar Amélineau; and another hot discussion was raised.
