The origins of the expression shinpei reach back at least to the Heian period. After the latter part of March the Council of Four, composed of Wilson, Lloyd George, Clemenceau, and Orlando, met frequently and made the principal decisions of the conference.

Heavenly Soldiers and Industrial Warriors: Paratroopers and Japan's Wartime Silk Industry

Technical colleges were a five-year engineering schools for junior high school graduates. This GRIPS project, planned by Umezaki Osamu, involved Ishida Mitsuo, Fujimura Hiroyuki, Shibata Hiromichi and others as interviewers.

Labor Oral History in Japan

Had not Japan as a member of the Supreme War Council accepted the League as a basis for the armistice? Medical research helped to reinforce the enduring perception of female textile workers as the archetypal exploited work-force found in so many texts on labour history for example, Nakamura 1976; Ōkōchi and Matsuo 1965; Tsurumi 1990. In striking contrast to these morale boosters, one of the most popular songs sung by WWII U.

As a scholar, Hagiwara Kiyohiko also gives an account. Acknowledgement of this interaction reinforces the fact that the monocausal explanation, and the monodisciplinary approach, are likely to be less than helpful if they fail to take into account other explanations and the approaches of other disciplines. The high rates of beriberi shown in the more comprehensive health surveys mentioned earlier point clearly to nutritional deficiency.

Labor Oral History in Japan

Below them were the hinmin the poor, or paupers , those enduring severer hardships, and the ky min the destitute , those facing terrible deprivation. An attitude survey on workmen with high school qualification revealed that, with a lack of confidence in their occupations and a sense of alienation and loneliness, they felt as if their high school graduation certificate was a transformed social status.

Japanese Women Working

For example, around 1900 matchbox assembly was a common form of piecework among the poor women of Nago-chō in Osaka, Tachibanachō in Kobe, and Samegahashi in Tokyo; in the latter district there were also numerous cigarette-rolling outworkers Futaba Yōchien 1900:1; 1908:10; Yokoyama 1898:52, 158; also Taiga 1893:110—11. Second, this discussion of work and domestic activities in the lives of urban lower-class women in modern Japan contributes to comparative study of the relationship between changes in conceptions of gender and early industrialization. The nation had devoted four years of military and diplomatic maneuvers to securing particularistic goals of a territorial and economic nature.
