A major work that utilizes colonial-era indigenous texts as its main source is 's The Nahuas After the Conquest: Postconquest Central Mexican

History and Philology. What is here, is an extensive analysis and description of the culture and society ranging from cuisine, handcraft, societal differences in status, clothing, medicine and off course religion and war; he obviously could not leave it out. The period with which this book is concerned is distinguished from all others by the wealth of its written documentation.
