FINALLY, bubbly without the headache. Want a taste of nostalgia? The greatest examples of these are classic cocktails like piña coladas and strawberry daiquiris.

### 35 Drink Recipes That Don't Need Booze to Taste Great

Mock Champagne Tarika Narain At weddings or big celebrations with lots of people, you usually have champagne and a toast. Again, each bar will have differing ingredient ratios, but you can look forward to a savory blend of tomato juice, Worcestershire sauce, horseradish, salt, pepper, and hot sauce. If you like Tom Collins... Skip the gin and enjoy the flavors of this popular drink by asking for a Virgin Collins instead.

## Six Non

Plus, most of these juices are packed with vitamin C and antioxidants so you can feel good and festive at the same time. This mocktail gets its vibrant hue from one special ingredient that you might have in your kitchen already.

### 35 Drink Recipes That Don't Need Booze to Taste Great

Virgin versions of classic cocktails like , , and rely on fresh fruit juices and sparkling ciders for a pop. The new zero-proof are as thoughtfully made as their boozy brethren. If you can't consume alcohol or just don't want to, fear not, your champagne glass can still be filled! The ruby pomegranate juice decked out with lime wedges is the perfect zero-proof drink for your next holiday party — or just a night in with your BFF.
