Xerophilia (2008 edition)

Contributors explore such diverse topics as Eiseley's use of anthropomorphism and Jungian concepts and examine how his work was informed by synecdoche. Anthropomorphizing the Essay: Loren Eiseley's Representations of Animals Kathleen Boardman 6.

Spring 2009 : Center for the Study of the Southwest : Texas State University

In their comprehensive introduction, the editors map the terrain of the bioregional movement, including its history and potential to inspire and invigorate place-based and environmental literary criticism.

Books

Xerophilia: Ecocritical Explorations in Southwestern Literature

As a writer who bridged the sciences and the humanities, Eiseley is a challenge for scholars locked into rigid disciplinary boundaries. Cheryll Glotfelty is a professor of English at the University of Nevada, Reno. His experiences there, both in the classroom and on the trail, provided the inspiration for this book.
