## Being an Effective Parent

Related Content: abell I am dealing with this issue. Using these coping tips, you can help your child manage symptoms of traumatic stress, rebuild their sense of safety, and move on from the traumatic event. As your middle school child makes mental and emotional leaps, your conversations will grow richer.

## Being an Effective Parent

Take an Inventory of All the Accommodations Your Special Needs Child Requires Take an inventory of the accommodations your special needs child requires at school and at home.

## Surviving Adolescence (Give me the patience)

Here are some examples of accommodations that are fairly typical: more time on tests; fidgets for movement needs; headphones to reduce distractions; timers; permissions to email homework to teachers; preferential seating; and having teachers provide lecture notes. Warnings from older adolescents will usually be taken more seriously than those from parents. Again, reassurance is the key.

## Being an Effective Parent

If you really don't know, you need to find out. The body eventually evens out.
