While McNamara's decision drew hot criticism, he had support where it counted—the X-20 did not. Still, the influence of the Collier's series echoed powerfully throughout subsequent decades. Gilruth headed that center during the Apollo years, while Faget, who had participated in Becker's 1954 X-15 feasibility study became a leading designer of piloted spacecraft.

Perspectives of nuclear energy for seawater desalination

The rocket engine was contracted to Reaction Motors, Inc.
