Forensic Medical Examination Standards

Complete renal and metabolic evaluation is required.

DOT Medical Exam and Commercial Motor Vehicle Certification

In its guidance on preemployment disability-related inquiries and medical examinations, the Commission addressed the ADA's restrictions on disability-related inquiries and medical examinations at the pre- and post-offer stages. Asking all employees about their use of prescription medications is not job-related and consistent with business necessity.

Chapter 3

Post traumatic neuropsychological impairment can also occur which includes deficits in attention concentration, information processing speeds, mental flexibility and frontal lobe executive functions and psychosocial functioning.

DOT Medical Exam and Commercial Motor Vehicle Certification

During her extended absence, a rumor circulated among some employees that Kim had been given additional time off to be treated for depression.
x External Link You are about to leave travel. Any ligamentous laxity is not accepted.

IAF

If a program simply promotes a healthier life style but does not ask any disability-related questions or require medical examinations e. The presence of large or multiple keloids will be a cause for rejection.

Medical Examination FAQs

In order to invite self-identification for purposes of an affirmative action program that is voluntarily undertaken or undertaken pursuant to a law that encourages rather than requires affirmative action, an employer must be taking some action that actually benefits individuals with disabilities.

PURPOSE: This enforcement guidance explains when it is permissible for employers to make disability-related inquiries or require medical examinations of employees.

IAF

This examination is not a substitute for a full physical examination, consultation, diagnosis, or treatment by your primary health care provider.

Chapter 3

No specified values stated in the standards. What documentation may an employer require from an employee who requests a reasonable accommodation? As tests for night blindness are not routinely performed, a certificate to this effect that the individual does not suffer from night blindness will be obtained in every case.
