#### **National Curriculum Standards for Social Studies: Chapter 2—The Themes of Social Studies**

Students learn and demonstrate proficiency with core ideas by engaging in these knowledge-building practices to explain and make scientifically informed decisions about the world. Such questions include: How do individuals grow and change physically, emotionally and intellectually? This curriculum aims to ensure that children acquire and apply knowledge and skills in ways that are meaningful to their own lives. Increasingly, economic decisions are global in scope and require systematic study of an interdependent world economy and the role of technology in economic growth.
