He is a former Chairman of the South African State Theatre and former Deputy Chairman of the inaugural National Arts Council of South Africa. Secondly, the premises used to buttress the argument such as the fast track land reform creates employment, generates foreign currency, promotes industrialisation and economic growth are false. It is clear that some of the victims were caught up in the cross fire and we accept that the attacks were mainly directed against those who were responsible for the violence.

At the same time, he discusses the possible means of achieving and realisation of individual goals within land reform. However, this arrival, occupation and consequent settlement of European settlers formed a European community that exposed an immediate threat to the life and existence of the African people and African medical knowledge systems.
