### Unilever announces leadership and organisation changes

At our quarter one trading statement, we said we expected a decline in underlying operating margin in the first half of the year and we indeed saw that with a drop in underlying operating margin of 100 basis points to 18. Let me turn to Latin America now.

### Unilever Launches Its Largest Refill Trial in Europe

Palm oil In 2014, Unilever was criticised for causing. The refill pack is better value for consumers and it uses 72% less plastic.

### Unilever

Retrieved 9 November 2016 — via TheMarker. Unilever is understood to be planning to merge its Elida Gibbs and Lever Brother's operations after Elida Gibbs relocates its headquarters to Lever House in Kingston, Surrey.

### Unilever

And we will give an update on our latest view on margin along with our Q3 trading update.

### Unilever PLC (UL) Q2 2021 Earnings Call Transcript

In 1996, Unilever merged Elida Gibbs and Lever Brothers in its UK operations. In 2018, Unilever announced its intention to simplify this structure by centralising the duality of legal entities and keeping just one headquarters in Rotterdam, abandoning the London head office.

### Unilever Q4 2020 full year net sales drop amid COVID

Let's try again with Alicia Forry at Investec. We've taken decisive action on pricing and we'll continue to do so as we face accelerating cost inflation in the second half. And with that, let me hand you back to Alan.

### Unilever

These products are not marketed until test results for this product series are returned, confirming that all is well. Our net debt levels stand at EUR22.

**Full**

The refills use far less plastic, and the small amount used is 98% recycled. WSJ com News 28 September 2000.
