Government may have been to rationalize the participation of their U. Should easily reach B-Class with a few major edits. It was the very reason America needed to expand; it was the justification for American superiority.

**Annexation of Hawaii, 1898**

Pro and anti-annexation camps had existed well before the Hawaiian Revolution. The new concept of non-discriminatory linguicism is introduced to describe the presence of linguicist ideologies without concomitant discriminatory practices as a key feature of the effectuative stage of linguicism, and a new definition of linguicism is proposed. Subsequently, such a characterization of what Morgan Report means, as applied to Liliuokalani's book, is clearly NPOV and editorializing.

## **Hawaii**

The political conflict between pro-annexationists and those supporting the Queen led to the effective 1894 stalemate where Hawaii was not outright brought into the US. I think it is clear that although the pro-monarchy sentiments of Cleveland disappeared after the Morgan Report, his anti-annexation stance was still held. It receives an average of around 460 inches of rain each year.
