Mortgage Electronic Registration System—MERS Definition

Below the Line Below the line items are those that directly affect the balance sheet and not the income statements. Productive Activity Productive activity is any such activity, which will produce economic value for the business. Since only the lowest bidder will be the winner of the contract in most bidding contests, any effort devoted to cost estimating is a loss to the contractor who is not a successful bidder.

RSMeans data: Construction Cost Estimating Software

Current Debt to Total Debt Ratio Current debt to total debt ratio shows the current liabilities of the company as a percentage of the total liabilities of the business.

Setting Up Cost Code Structures

Capitalized Cost Capitalized costs are those that are deducted over several accounting periods on account of depreciation or amortization.

Marshall & Swift

Let y be the total basic cost for the project and y_i be the total basic cost for task i . For example, 234 would copy the 2nd, 3rd, and 4th digits of the cost code.

Cost allocation definition — Accounting Tools

Do we need a cost analysis for sole-source small purchases? Cost Cost is the monetary amount that needs to be paid to acquire something.

Real Property Inventory (RPI) and Asset Management (RPAM)

Category Code 3 Selection Enter the characters that the system selects from the cost code of an account to create category code 3 for that account. Crossing panels are made of steel and concrete. Non-cash Expense Non cash expenses are those which appear on the debit side of an income statement, but there is no actual outflow of cash for the same, for e.

Alma

Spontaneous Liabilities Spontaneous liabilities are those that arise from the day-to-day liabilities of the business.
