### Rare & Collectible Books

I took a couple of these stories and poems and studied them, then wrote my own response story or poem. I read it on Kindle and have been surprised to see that in real book form Part of the pleasure of this book is getting the Forties from a variety of different angles -- the war, controversies at home, the forms the concerns of the time took in the dream-life of the fiction, the individuals with big shadows who merited profiles.

### NYPR Archive Collections

Character studies also offer surprising glimpses of familiar names including Walt Disney, Eleanor Roosevelt and Duke Ellington; the less familiar like Marshal Petain; and the unknown to me matador Sidney Franklin.

### The Fiction of the 1940s

These broadcasts feature arts programming, panel discussions, notable interviews, WWII coverage, and much more. The kindle version seems like a good deal, especially since there are no cartoons and the only illustrations are some magazine cover art at the beginning of each section.

### The Fiction of the 1940s

The works were originally produced and broadcast the previous year for the CBS Series 26 By Corwin. Wagner Labor Archives at New York University.

### NYPR Archive Collections

Page is a writer, editor, music critic, producer and professor.
