**Colloquial Cantonese and Putonghua Equivalents (Taiwanese Chinese, English and Cantonese Edition): 9789620408960: spaceneb.us.to: Books**

. A single character is correlated to one sound or meaning.

### Refubium

We report our experience with new Putonghua- and Cantonese-Chinese language NIHSS PC-NIHSS and CC-NIHSS training and certification videos. However, the evolution of each group of languages is similar. Search the archive by date.

### Speech sound disorders or differences: Insights from bilingual children speaking two Chinese languages

Background Hong Kong is a society in which more than one language Cantonese and English is officially recognized and widely used, while Cantonese is the predominant language as about 90% of the people in Hong Kong speak Cantonese as their usual language Pennington, 2013. Base on the points mentioned so far, I would consider Cantonese and Putonghua as languages instead of dialects.

### The History of Cantonese and Putonghua
