Geographical and Strategic Importance of Pakistan

The deserts located in the Indus plain of Pakistan are Thal desert, Indus Valley desert, Thar Desert and Cholistan desert.

A Geography Of Pakistan: Environment, People And Economy by Fazle Karim Khan

A severe quake in 1931 was followed by one of more destructive force in 1935.

Pakistan

They were less dangerous and less widespread, however, than the conflict that erupted in Kashmir in the Indo-Pakistani War of August 1965. Gondophares became the ruler of areas comprising Arachosia, Seistan, Sindh, Punjab, and the Kabul valley.

What is the weather, climate and geography like in Pakistan

Pakistan borders the entire eastern length of the country with the Republic of India and on the south towards the Arabian Sea, to the north-west Pakistan is separated by fourteen kilometers of a narrow strip of the Afghan-occupied Gorno-Badakhshan territory called the Wakhan Corridor which extends between Northern Pakistan and Southern Tajikistan. The best time to visit northern Pakistan, for trekking, is from April to October; outside of these months it will be snowy and very difficult to reach many mountainous places. They are also called Gurjara-Pratihara.
