## Rin Itoshiki

I absolutely enjoyed this series.

## Kuro no souzou shoukanshi

However, she is hesitant to proceed at first as she does not want to steal her sister's love interest, but Kasai convinces her to push forward, because even Shion deserves her own happiness. Description Due to a god's mistake, high schooler Tsuguna died before his time. Keiichi reveals that he knew that she was Shion from the start.

## Shinsekai yori (From the New World)

The main characters start off as children and by the end of the anime they are adults, with proper illustration of character development. When They Cry Wiki will use the original age of the original Visual Novels. In , the day before Teppei is arrested by the police and Satoko is rescued, Shion claims that Keiichi is so charismatic he could have ended the dam war a year earlier than it did if he had been there.

## Kuro no souzou shoukanshi

Fourth episode was bewildering, I had to watch it twice to get most of what was being explained. A1 pictures out stood themselves again in the Backgrounds Dept. In , Shion went as far as to plan to kill Satoko's abusive uncle Teppei to save Satoko from him but later works with her friends to get him arrested for his crimes instead.

## Sonozaki Shion

In Minagoroshi-hen, she is devastated when she sees Keiichi shot. But I can promise that the majority of you, as did I, most likely did not have Shinsekai Yori as a pick. Shinsekai yori tells the unique coming-of-age story of Saki and her friends as they journey to grow into their roles in the supposed utopia.

### **Kuro no souzou shoukanshi**

Complementing the visuals is a soundtrack which encapsulates the essence of the show with each track strengthening the visuals and enhancing the overall experience. Moving on, the art is somewhat unusual but fitting for an unusual story, more so than any other art style I can think of.
