Political Islam in Post

The Islamic Salvation Front was deprived from political participation; therefore, many Islamists suspected the existing Islamic parties and consider them to be part of the ruling system. Because they waited until the tide had already turned against Bouteflika to voice support for the protesters, the Islamist politicians failed to win over the people.

Purification consists of removing all corrupted beliefs and ideas of polytheism that have entered the lives of Muslims as well as purifying the Sunna and the law from the various innovations that have contaminated it. The government enacted legislation dealing with political parties, the electoral code, and the representation of women in elected bodies.

Algeria

The Early Years Algeria gained independence in 1962, and a year later former militants from the AOMA like Abdullatif Soltani and nationalist reformists like el Hachemi Tidjani established an association called el Qiyam el Islamiyah Islamic Values.

Others are concerned that Salafis are responsible for funneling Wahhabi ideology into the country. This road is supported by the Algerian government to increase trade between the six countries crossed: Algeria, , , , and. Many Algerian students for whom established Salafi professors vouch are offered trips to Saudi Arabia supposedly to perform the pilgrimage while in reality they go to study Salafism
