## Children's Bureau Timeline

Given the disproportionate effects of the pandemic on marginalized communities, an equity-based approach is critical to reducing vulnerabilities.

### Inequalities in health. The Black Report: a summary and comment

The two then traded numerous videos back and forth over the Internet. Following community-level engagement by UNICEF, the use ended.

### 2021 Trafficking in Persons Report

Efforts to reform the kafala system and develop non-exploitative policies would benefit from input and recommendations from survivors who experienced forced labor under this system. Advisory Board issued a follow-up report in 1993 describing steps to create a comprehensive, neighborhood-based approach to preventing child maltreatment.

### Inequalities in health. The Black Report: a summary and comment

The multi-faceted challenges generated by the COVID-19 pandemic continue to evolve and expose vulnerability in individuals, as well as systemic gaps. The integration of a victim-centered approach into system-wide efforts on sexual exploitation and abuse, including risks to beneficiaries and others associated with the COVID-19 pandemic, was strengthened in 2020.

## NY Daily News

Under this sponsorship system, migrant workers who leave their place of employment without permission from their employer forfeit their legal status and thereby increase their risk of arrest and deportation.
