Valencian language

New York: Oxford University Press. Note that this is a list of features of the main forms of Valencian as a group of dialectal varieties that differ from those of other Catalan dialects, particularly from the Central variety of the language.

Valencian language

In July 2016 a new public corporation, , was launched in substitution of RTVV. The latter then gradually imposed itself in many zones, with the limit between the two stabilizing around the mid-18th century.

Valencian language

Examples include *hui* 'today' found in all of Valencia except transitional dialects, in Northern dialects *avui* and *espill* 'mirror' shared with Northwestern dialects, Central Catalan *mirall* .

Valencian language

Standard Valencian is based on the standard of the Institut d'Estudis Catalans, IEC , used in , with a few adaptations. On 27 November, the legislative assembly passed the dissolution of RTVV and employees organised to take control of the broadcast, starting a campaign against the PP. It is bilingual, with a focus on the Valencian language.
