## Más de 10 razones para comer más aguacate — Mejor con Salud

These days, the avocado has become an incredibly popular food among health-conscious individuals. But consumers generally ignored the fruit, until 20th-century merchandisers changed its name to avocado--apparently a cross between the French avocat avocado or lawyer and the Spanish abogado lawyer , both of which sound a bit like aguacate or ahuacatl, spoken rapidly. After digging a little bit in the history of food in the Americas, and speaking with my Peruvian friends, it seems that the avocados came down to this side of the world many centuries ago from Mexico, and the Quechua speaking inhabitants named it palta.

## Fudge de aguacate (palta) / Avocado fudge

About 25% of the fiber in avocado is soluble, while 75% is insoluble. It is the main ingredient in guacamole.

To supplement their largely vegetarian diet, the Aztecs developed a taste for such delicacies as frogs, iguanas, newts, tadpoles, water flies, larvae and winged ants.

## Salsa de Aguacate (Avocado Salsa)

Serve at room temperature or slightly below. Its harvest season begins in late fall and continues until spring and the fruit ranges in size from 5 to 14 ounces. Strain the pineapple to remove the juice, then add the fruit to the avocado mixture.

## Aguacate vs. Palta

¿es eficaz echar el abono así sin apenas llover? La Alquimia es el matrimonio real, la Química el divorcio que vemos todos los días en la mayoría de las parejas.
