Advanced Restorative Dentistry

Improving the appearance of the smile and face of patients is the speciality service offered by this dentist at two clinics.

Restorative Dentistry

Pain free dentistry in a stress free environment is offered by this expert and experienced dental surgeon and his team at this clinic located at rue Daubigny in Paris, France.

HOME

A letter of acceptance signed by the Program Director and Associate Dean of Academic Affairs will be issued upon acceptance. Inlays are placed within the cusps points of a tooth and onlays are placed on one or more of the cusps. The person who has lost teeth regains the ability to eat virtually anything and can smile with confidence, knowing that teeth appear natural and that facial contours will be preserved.

Restorative Dentistry

Our friendly, experienced team is focused on providing patients in and around the Hebron, KY area with best-in-class, comprehensive oral care. We provide a personalized dental care experience using the latest advancements in dental technology to meet your dental needs and ensure you receive the best care available.

Department of Restorative Dentistry

If you have pain or an emergency situation, every attempt will be made to see you that day.

Advanced Esthetic & Restorative Dentistry

We will then prepare the tooth by removing some of the damaged tooth structure in order to make room for the crown.

Advanced Restorative Dentistry

This certificate is not the same as the postgraduate program certificate awarded to full-time international postgraduates in specialty training as a qualification for recognition by the Commission on Dental Accreditation. Please visit those sites for additional information.
